

Acknowledgements

The first person I would like to acknowledge is my Ph.D. supervisor Dr. Ambesh Dixit. I would like to express my deepest gratitude towards him, who have provided me an opportunity to pursue Ph.D. under his guidance at Indian Institute of Technology Jodhpur. I personally learnt so many things related to theoretical and experimental work. I am thankful to him for behaving as a friend not as a supervisor. His immense support became the key success in my research work that I am presenting here. I am also thankful to Dr. Laltu Chandra for providing me support during my research work. I am taking this opportunity to thank to Rakshanda Jhakhoria, Dr. Belal Usmani, Lokesh Saini, Goutam K. Gupta, Rajneesh Chaurasiya, Rajesh Kumar, Anurag Sahu, Chandni Kumari and other lab members who have helped me throughout my research work, at various levels.

I am thankful to Dr. S.R. Vadera, Director, Defence laboratory Jodhpur and Mr. Ravindra Kumar, Associate Director, Defence Laboratory Jodhpur for supporting me during this research work.

I, hereby, thank all the scientists and professors, who helped me, providing research guidance & support throughout my research work. I also thank to IITJ staff members from different laboratories: Mechanical Workshop, Chemistry, Electrical and Microelectronics Laboratory for assisting in the research efforts.

I would like to pay my sincere gratitude to my wife, son, daughter, parents and all family members for being with me all the time and supporting me at each and every step. I was able to come so far because of their prayers, blessings and support. I am thankful to Omprakash Mahala, Ritesh, all my friends and colleagues for their moral support, suggestions and appreciation that propelled me to travel this journey.

I am also thankful to Defence Research & Development Organization and Ministry of New and Renewable Energy (MNRE), Government of India for financial assistance to carry out the experimental work during my Ph.D. and to provide travel support, for attending international conferences and presenting my work. Last but not the least, I thank Indian Institute of Technology Jodhpur and Ministry of Human Resource Development (MHRD), Government of India for provided me an avenue to shape my research carrier.

Rohitash Kumar
Ph.D. Student
