Acknowledgments

This work has been done during the great time I have spent at IIT Jodhpur. I owe my deepest gratitude to my Ph.D. thesis Supervisor, Dr. Vivek Vijay, who has provided me an opportunity to pursue Ph.D. under his guidance at in IIT Jodhpur. His immense support and guidance groomed me in different ways both in academics and for different roles and responsibilities. I would like to express my gratitude to Prof. David Hewson for introducing me this exciting field of Healthcare monitoring and for his endless support and encouragement. Also, I am indebted to Dr. Sandeep Kumar Yadav and Dr. Arvind Mathur for their enthusiastic and continued guidance during the research work. I would like to thank my co-authors in research articles Hiteshi Jain and Dr. Jennifer Bassement for their valuable inputs. I would like to acknowledge the elderly people whom I tested as subjects in research study.

My stay at the Institute was a wonderful experience because of my friends, Parmod Paul, Rakesh Kumar, Hiteshi Jain, Divya Gupta, Vivek Tiwari, Pradumn Pandey, Sandeep Singh for all the liveliness they infused into the non-academic part of the days at IIT Jodhpur and for their moral support, suggestions and appreciation that propelled me to travel this journey.

My sincere gratitude to MHRD,DBT, British Council and ICMR for the scholarship and financial support given during the Ph.D.

I acknowledge and thank my family, especially my wife Shalini Dhar for the support she has given me throughout this phase. I pay respect to my parents for all their love, sacrifices and blessings.
