Acknowledgement

I would like to acknowledge a number of people without whom this thesis would not have been possible. First and foremost, I would like to express my sincere gratitude to my supervisor Dr. Vivek Vijay. He has been a great support from the time of choosing the thesis title to the thesis writing. I am thankful for his constant motivation and faith in me which encouraged me to deliver my best.

I would like to seize the opportunity here to thank my friends Parmod Paul, Adarsh Mishra, Rakesh Kumar and Saloni Sardana, who have been the pillars of my strength and provided me with their feedbacks to improve upon my work.

Lastly and most importantly a special thank to my parents for their unquestioning faith and support.
